Education

Bachelor of Computer Applications (BCA)

Shree Harishchandra PG College, Varanasi | CGPA: 7.25/10

Expected May 2027

Varanasi, India

Intermediate (Class 12)

U.P. Board | Percentage: 71%

Graduated 2023

Technical Skills

Languages: Java, C, JavaScript, HTML5, CSS3

Developer Tools: VS Code, Git, GitHub, Overleaf, Chrome DevTools

Frameworks/Libraries: Learning React.js, Node.js

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, Responsive Web Design

Soft Skills: Problem Solving, Team Collaboration, Communication, Quick Learner

Projects

Personal Portfolio Website | *HTML5, CSS3, JavaScript, Git*

Dec 2024 – Present

- Building a fully responsive portfolio website from scratch to showcase projects and technical skills
- Implementing modern UI/UX design principles with smooth animations and interactive navigation
- Optimizing for cross-browser compatibility and mobile-first responsive design
- Utilizing vanilla JavaScript for dynamic content loading and form validation

AI-Powered Web Application | *JavaScript, REST APIs, AI/ML*

Planned – Q1 2025

- Designing an interactive web app that integrates AI APIs to provide intelligent user recommendations
- Planning to implement natural language processing for enhanced user interaction
- Focusing on practical AI implementation while maintaining clean, maintainable code architecture

DSA Problem Solving | *Java, C*

Oct 2024 – Present

- Actively solving 100+ data structures and algorithms problems on various coding platforms
- Implementing core algorithms including sorting, searching, trees, graphs, and dynamic programming
- Strengthening problem-solving skills and optimizing code for time and space complexity

Experience

Student Developer – Self-Learning

Oct 2024 – Present

Apna College & Coursera

Remote

- Enrolled in Sigma 9.0 comprehensive program covering full-stack development and advanced DSA concepts
- Completed 50+ hours of hands-on coding projects in web development and algorithm design
- Building real-world applications while learning industry best practices and modern development workflows
- Actively participating in coding challenges and peer code reviews to improve code quality

Certifications

Sigma 9.0 – Full Stack Development + DSA: Apna College (In Progress – 60% Complete)

AI for Everyone: Coursera (In Progress)

Web Development Fundamentals: Coursera (In Progress)

Achievements & Extracurriculars

Active Open Source Explorer: Exploring GitHub projects and planning first open-source contribution

Tech Community Member: Engaged with developer communities on LinkedIn and GitHub

Continuous Learner: Dedicated 15+ hours weekly to coding practice and skill development
